

BENEFITS+ 2021

You've got Benefits+

Along with your traditional benefits, BASS Medical Group has added even more options for you to get care—giving you better, broader coverage. Services are offered at a special rate, or at no additional cost to you.

Benefits+ for your lifestyle

Whether you need to see a doctor urgently, or you can't find time to leave work or home to visit their office, these programs are designed to make accessing care easier.

BASS Provider Network

Some BASS providers are also in your plan's network. Before you book your next appointment, check if a BASS provider can help you. For some services, seeing a BASS provider could save you money. Please note: savings are not available for all services. Click through to bassmedicalgroup.com/doctors to get started using BASS's provider lookup.
